At the beginning Jake was trying to always be better than his sister Danielle. They were always arguing. For example they would fight about who's better at this who's better at that.

Once they started climbing he thought, wow she's a good climber and she's always better at anything having to do with sports. He didn't argue with her about it, he just knew she was better at it.

Once they got to the top of the Mountain, they were both so happy and hugged and didn't fight. Then when they got to the hospital after rescuing their parents Jake walked in and said, "Boudie Partner" and they both laughed together and had a good time even though they were in the hospital and hurt. That's how Jake changed.
