*Tip: If you Google "National Geographic Underground Railroad" this site is the first result.*

2. You will be given a personality to research. Imagine that you are this person, and it is 1851. A runaway slave comes to your door one night for food and shelter. What would you do as this personality?

Give reasons for your decisions based on who you are in a well-written paragraph. Tell where you live and what your involvement was with the Underground Railroad. Locate where you live on the map that will be provided and label it accordingly.

Your personality is:

---

To research your personality using the Google Custom Search that I have provided on the class website. It is customized to include websites that will contain the information you need for this assignment.
