Q 5. Essay #

The biggest challenge for Tony was to get off the island. He ended up on the island because he wanted to spy on the couple who were looking for treasure. When Tony was snooping around the couple started to chase him. When Tony was close to his boat he realized it wasn't there, and the couple had left. He thought if he swam to each island he would get closer to home, so he did it. It was very harsh but he accomplished it. In the middle he lost his sneaker and saw some evidence that the Swallow was near. He then passed out. Later he found the Snark and decided to sail at night. Then the couple came and took Tony and his boat to home, but Chris took him in the middle of the ride. That was definitely the biggest challenge.
